

# Thank You!

A HUGE Thank you from all our  
local makers at 3D Crowd UK

*We cannot thank the NHS and all those on the front line enough  
through these difficult times.*

*As a voluntary operation nationwide your local community of 3d printers,  
cleaners, packers, drivers, coordinators and fundraisers felt they had to help in  
any way that they could during this pandemic, extending our gratitude of the  
work you do by providing free PPE*
